Open resources in psychology

Open Access

Frontiers in Psychology
https://www.frontiersin.org/journals/psychology
Frontiers in Psychology is the largest journal in its field, publishing rigorously peer-reviewed research across the psychological sciences, from clinical research to cognitive science, from perception to consciousness, from imaging studies to human factors, and from animal cognition to social psychology.

PLoS ONE
http://journals.plos.org/plosone/
PLoS ONE features reports of original research from all disciplines within science and medicine. By not excluding papers on the basis of subject area, PLoS ONE facilitates the discovery of the connections between papers whether within or between disciplines.

Directory of Open Access Journals (DOAJ)
https://doaj.org/
DOAJ is a community-curated online directory that indexes and provides access to high quality, open access, peer-reviewed journals.

Open Journals at Lund University (OJS)
http://journals.lub.lu.se/
OJS is a platform for open-access, scholarly journals published at Lund University.

Government material

Swedish Agency for Health Technology Assessment and Assessment of Social Services (SBU)
https://www.sbu.se/en/
SBU is an independent national authority, tasked by the government with assessing health care and social service interventions from a broad perspective, covering medical, economic, ethical and social aspects.

Places for searching material

LUBsearch
http://lubsearch.lub.lu.se/
You can still use LUBsearch for searching, although you need to log in to actually access the material. But please note that you will get fewer results if you are not logged in.

**PUBmed**
The largest database within the medical field. Searching is available to the public and you can limit the results so that you only see free full text.

**SwePub**
http://swepub.kb.se/
Publications from Swedish higher education institution.

**Google Scholar**
https://scholar.google.se/
Google's take on scholarly material. In the right margin, links will show up whenever you have access to the full text.
